

PETITION

To: Member of Parliament for Hemel Hempstead, Dacorum Borough Council.

We, the undersigned, would like Dacorum Borough Council:

a) To review the LA3 Core Strategy Document that has been expanded to include the land on the South and West of the Gas pipe line that was originally designated as green belt and not for development at this time and revert to the original plan.

b) Not to use the roads Lindlings, Furze Road, Champion Road and Musk Hill as entrances and to use alternative entrances away from those roads into the new Estate code named LA3 that will consist of 900 houses, shops, doctors surgery and school, this includes footpaths, and cycle ways.
